ABOUT

Design student focused on brand systems, UI/UX, and concept-driven visual communication. Interested in how ideas scale across digital and physical touchpoints, with attention to clarity, structure, and user behavior.

EDUCATION

IDeA World College,
Bangalore City University
Expected Graduation
August 2027

EXPERIENCE

Bachelor of visual arts (BVA) – graphic & communication design
RaazMD (Health-Tech Startup)
Design Intern (Brand & Campaign Design)
Bengaluru, India
Feb 2026 – Apr 2026

- Designed a multi-platform prescription and evaluation system across web, app, and print, handed to development team after 10+ iterations
- Built a YouTube thumbnail visual system and produced 10+ thumbnails
- Designed social assets across platforms, LinkedIn banner adopted by 20+ employees
- Developed carousel creatives and Meta ad assets for paid marketing campaigns
- Contributed to website migration (3-member team), updating 30+ assets for brand consistency
- Designed WhatsApp templates for booking, consultation, and engagement flows
- Led mobile app UI/UX end-to-end, including full interaction logic, user flows, and screen-by-screen interface design
- Took merchandise from brief to production-ready files
- Shaped shot concepts, scene structure, and visual storytelling for video production
- Worked directly with founders, managers, and developers to iterate and ship designs

DESIGN PROJECTS

Run Your Story
Concept-Driven Brand Campaign | OOH, Social, Landing Page
Concept-driven brand campaign exploring personal motivation in running. Worked across posters, OOH mockups, Instagram activation, and landing page layout, with a focus on user psychology and emotional connection.

Forge
UI/UX Platform Concept | Marketplace, Onboarding, User Flows
UI/UX platform concept for a footwear design community and marketplace. Designed role-based onboarding, discovery flows, marketplace structure, and interaction logic, focusing on systems rather than isolated screens.

Marvel × A24
Speculative Brand Reimagining | Posters, Motion, Digital Interface
Speculative brand reimagining project. Explored how Marvel films might feel if produced under A24's tone, creating a cohesive system across posters, merchandise, motion, and a streaming-style interface.
